

Transmittal Notice

July, 07, 2023

Dear ,

We are transferring these materials to you to serve as vouchers for the native seed conservation and development project.

This package contains the specimens noted on the following page, and labels for them in a manila envelope. Every specimen in here is intended to represent a single set. These materials were collected under the auspices of the US Department of Interior's Bureau of Land Management, unless noted otherwise.

Thank you, we appreciate both your and your staff's assistance in this matter. Please do not hesitate to reach out to me with any questions.

Sincerely,
